Central Agency for Public Mobilization And Statistics

19.6 % increase in the Egyptian cotton exports during the second quarter of the agricultural season 2016/2017

Central Agency for Public Mobilization and Statistics (CAPMAS) issued in 11 / 6 / 2017 the quarterly bulletin of cotton for second quarter (December/ February) for the agricultural season 2016/2017.

The most important indicators are as follows

- The total amount of Egyptian cotton exports reached 134.8 thousand metric Kentar during (December 2016/ February 2017) compared to 112.7 thousand metric Kentar during the same period of the previous season, an increase of 19.6%.
- The total amount of domestic consumed cotton reached 127.6 thousand metric Kentar during (December 2016/February 2017) compared to 76.4 thousand metric Kentar at the same period of the previous season, an increase of 67.1%. This increase in exported and consumed is not a real increase but due to the big decline in the previous season (2015/2016) than that of (2014/2015)
- The amount of ginned cotton reached 0.4 million metric kentar during (December 2016/February 2017) compared to 0.9 million metric Kentar at the same period of the previous season, a decline of 54.2% .due to a decline of production during last season (2015/2016) than that of (2014/2015).
