## Central Agency for Public Mobilization And Statistics

### 43.1% increase in Total Bank Deposits Balances 2016/2017□

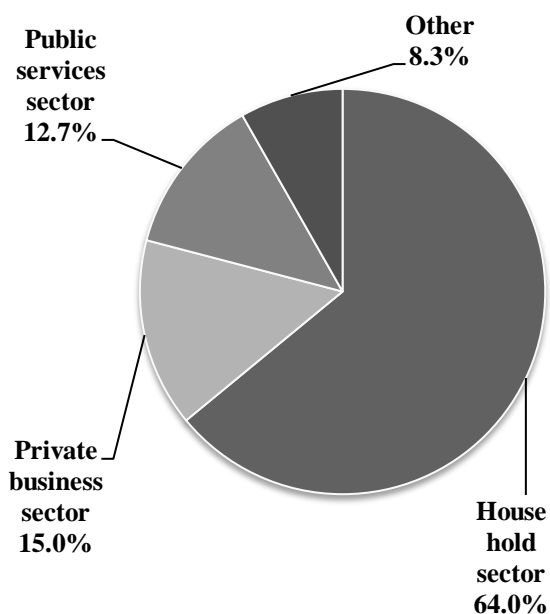

Central Agency for Public Mobilization and Statistics issues today 19 / 2 / 2018 The annual statistical Bulletin for Deposits and Credit, it includes deposits and credit development during 2016/2017. Most important indicators are as follows :

#### ▪ Deposits :

Total deposits balances increased in 2016/2017 to reached 3027.8 billion pounds , an increasing of 43.1%, This increase is due to both sharing of the Household sector and Private business sector, also contribution of the economic measures since January 2016, to increasing the capacity of the banking system to attract deposits of the Household sector, therefore :□

- Depositing balances in Household sector reached 1938.8 Billion Pounds in 2016/2017, an increasing of 46.6%, this increase is due to the sharing of Natural persons in the banks, that natural persons shared 94.5%, of the total balances of deposits in household sector , that sector accounted for 64% of total bank deposits.
- Depositing balances in Private business sector reached 455.5 Billion Pounds in 2016/2017, an increasing of %31.1 , where the organized Private business sector accounted for 76%, of the total balances of deposits in Private business sector, that sector accounted for 15% of total bank deposits
- Depositing balances in the public services sector reached 384.3 Billion Pounds in 2016/2017, an increasing of 40.4%, this increasing is due to depositing treasury and government administration in banks by 97.8%, of the total deposits balances in public services sector, that sector accounted for 12.7% of total bank deposits

according to Economic  
sectors 2016/2017**

## ▪ Credit :

- Credit balances reached 1427.5 Billion Pounds in 2016/2017, an increase of 51.3%. This increasing of credit granted to both public and private business sectors has the greatest impact on this increase. Therefore:

- Total credit balances in public business sectors reached 475.1 Billion Pounds in 2016/2017, an increase of 79.2 %. This increase is due to the credit granted to Economic bodies, which reached 326.8 Billion Pounds represents 68.8% and the expansion of infrastructure projects implemented by Economic bodies (roads, power stations, water stations). Where the public business sectors reached 33.3% of the total Credit balances.

- Credit balances in the private business sectors reached 676.2 Billion Pounds in 2016/2017, an increase of 47.1 %. This increase is due to credit granted to organized private business sector which reached 552.7 Billion Pounds; it represents 81.7 % of total credit granted to private business sector. Therefore private business sector reached 47.4% of the total Credit balances.

- Surplus banking liquidity reached 1600.3 Billion Pound in 2016/2017; an increase of 36.5 %, this increase is due to flow of granted deposits credit. Thus banking liquidity ratio reached 52.8% of the total bank deposits.
