

Press Release

Central Agency for Public Mobilization And Statistics

8/8/2017

(CAPMAS) is receiving (FAO) delegation **To discuss sustainable development indicators estimates**

In the framework of the constant concern of Central Agency for Public Mobilization and Statistics (CAPMAS) to Strengthen and improve official statistics, as the responsible official entity as well as the belief and recognition of importance of data in achieving sustainable development goals and the ambitious agenda 2030.

(CAPMAS) is receiving (FAO) (Food and Agriculture Organization) delegation, on Tuesday 8th August at the seat of CAPMAS premises.

The visit comes as part of the expanded meeting to discuss sustainable development estimates for addressing the prevalence of moderate or severe food insecurity in population based on food insecurity experience scale (FIES), Which produced locally through an (8 questions) questionnaire, which was produced by (FAO) through 1000 units sample (single) as will as by (WFP) with different methodologies Such visit will tackle this variation.

Sustainable development program has been prepared for years and was adopted by world leaders in September 2015 during the United Nations General Assembly in a special session prepared for this purpose, which includes 17 goals, including 169 purposes of each country according to its priorities, focusing on the second goal of mobilizing efforts to eradicate poverty in all its forms and combat inequality.
