Central Agency for Public Mobilization And Statistics

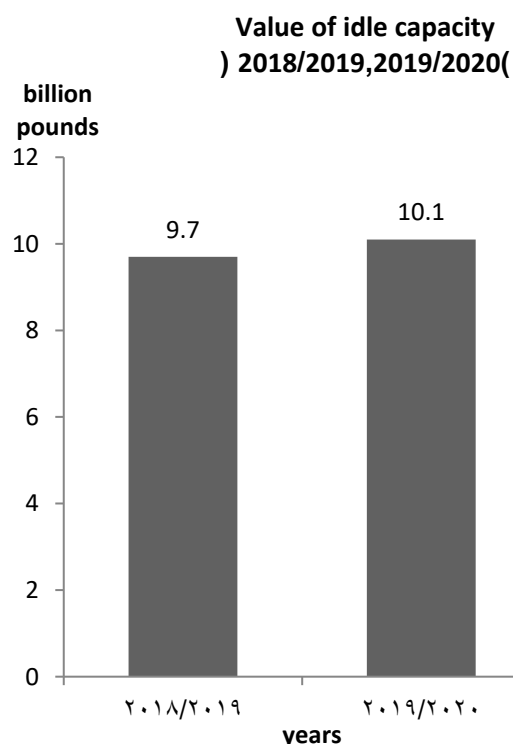

3.8% increase in the value of idle capacity in public / public business sectors for 2019/2020

Central Agency for Public Mobilization and Statistics (CAPMAS) issued on 25/8/2022"Annual Bulletin of actual production, idle capacity and inventory of complete production for industrial activities in public / public business sectors 2019/2020",The most important indicators are:

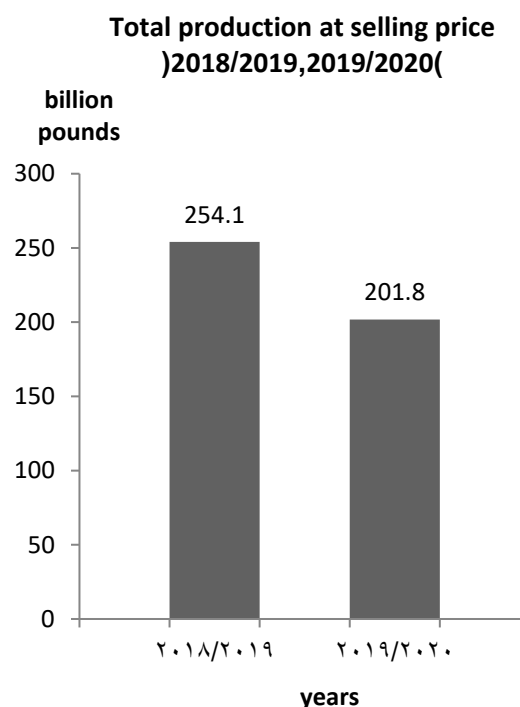

Idle capacity:

- Total value of idle capacity reached 10.1 billion pounds in 2019/2020, compared to 9.7 billion pounds in 2018/2019, an increase by 3.8%, due to lack of raw materials and difficulties in marketing
- Percentage of idle capacity in manufacture of food products, reached 32.3% in 2019/2020, followed by manufacture of chemicals and chemicals products which reached 23.6% of total idle capacity in 2019/2020.

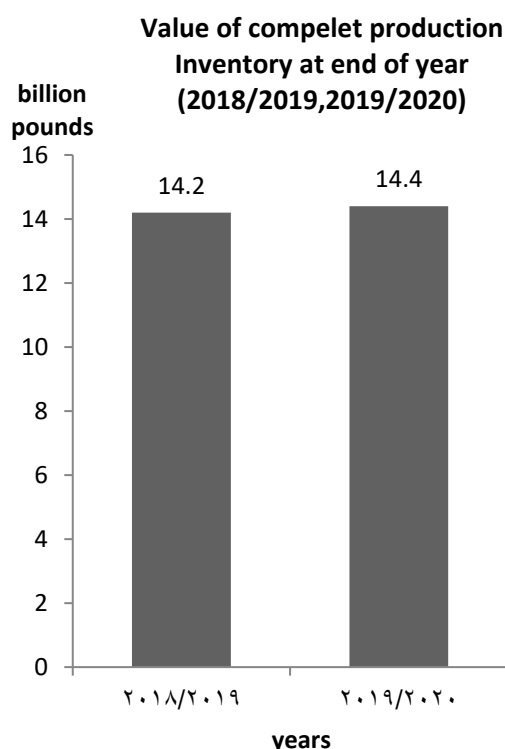

Complete production at selling price:

- Total value of complete production at selling price reached 201.8 billion pounds in 2019/2020, compared to 254.1 billion pounds in 2018/2019 decreased by 20.6% , This is due to transition of some companies from provisions of Law No. 203 of 1991 regarding public business sector companies to provisions of Joint Stock Companies Law No. 159 of 1981, such as manufacture of tobacco products, and decrease in production of some industrial activities compared to the previous year, such as manufacture of basic metals which reached 6.0%). of the total value of the complete production at selling price) in some public business sector companies.

Inventory of complete production at end of year:

- Total value of complete production inventory reached 14.6 billion pounds in 2019/2020, compared to 14.2 billion pounds in 2018/2019, an increase by 2.5% due to increase in the value of inventory for complete production at end of year for some industries like (manufacture of food industry as it reached 29.6% and manufacture of basic metals by 30.4% of the total inventory of complete production at end of year).
