Central Agency for Public Mobilization And Statistics

63.9% increasing of the Egyptian cotton exports in the first quarter of the agricultural season 2016/ 2017

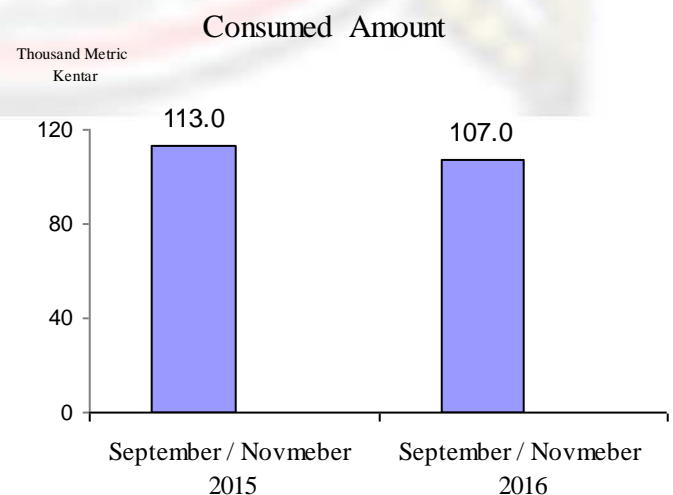

Central Agency for Public Mobilization and Statistics (CAPMAS) issued in 16/ 2 / 2017 the quarterly bulletin of cotton for first quarter (September/ November 2016) for the agricultural season 2016/2017.

The most important indicators are as follows:

- The total amount of Egyptian cotton exports reached 202.5 thousand metric Kentar during (September/November 2016) compared to 123.6 thousand metric Kentar during the same period of the previous season, an increase of 63.9% This increase is due to increased stock of cotton in the previous season.

- The total amount of domestic consumed cotton reached 107.0 thousand metric Kentar during (September/November 2016) compared to 113.0 thousand metric Kentar at the same period of the previous season, a decline of 5.3% due that some of spinning factories stopped working.

- The amount of ginned cotton reached 263.8 thousand metric kantar during (September/ November 2016) compared to 42.8 thousand metric Kantar at the same period of the previous season, a decline 516.9 %. As a result of the the crop accumulation of the farmers for more than two months and the late beginning of the season.
