## Central Agency for Public Mobilization and Statistics

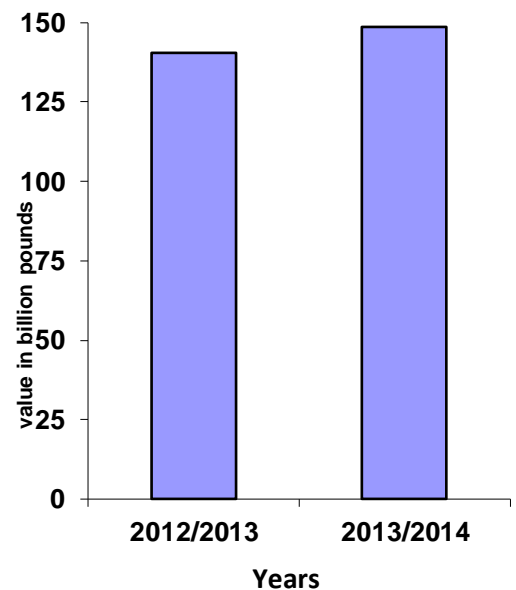

### **5.7% increase in the value of industrial commodity production for public/public business sector 2013/2014**

Central Agency for Public Mobilization and Statistics (capmas) issued on, 27/7/2015, the annual bulletin of industrial commodity statistics for public / public business sector 2013/2014.

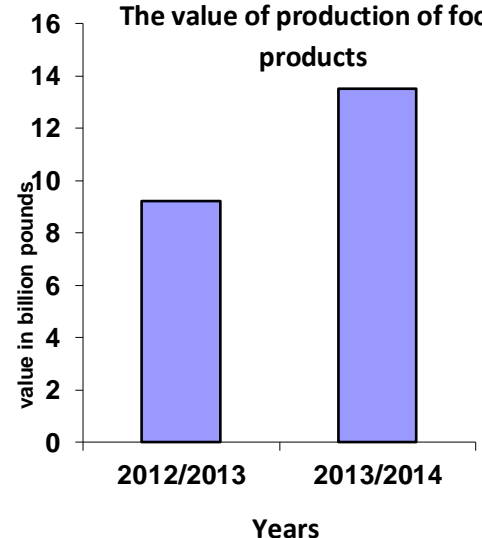

The most important indicators are as follows:

- The value of industrial commodity production reached 148.4 billion pounds in 2013/2014 compared to 140.4 billion pounds in 2012/2013, an increase of 5.7% Because of the high industrial commodity production value for some activities such as food.
- The value of production of food products reached 13.5 billion pounds in 2013/2014 compared to 9.2 billion pounds in 2012/2013, an increase of 46.9% because some factories return to work at full capacity.

Value of industrial commodity

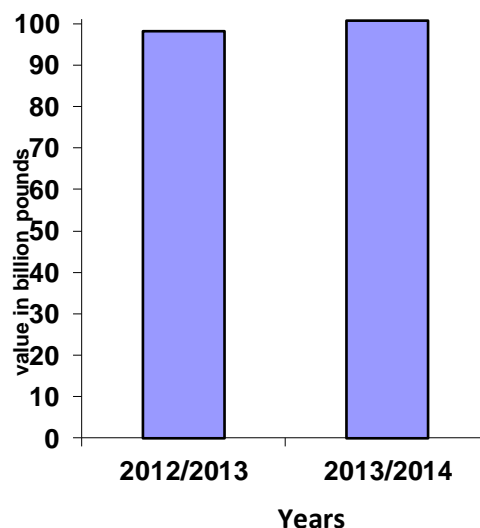

The value of production of food products
