

## Press Release Central Agency for Public Mobilization And Statistics

## 11 billion m<sup>3</sup> is the total amount of produced pure water in 2019/2020

Central Agency for Public Mobilization and Statistics issued today 19 /4/ 2021 annual bulletin of drinking water and sanitation statistics in 2019/2020. The most important indicators were the following:

## **Pure drinking water**

- Total quantity of produced pure water reached 11 billion cubic meters in
   2019/2020 Compared to 11.1billion cubic meters in 2018/2019, with a decrease by
   0.8 % this is due to some rationalization policies for operating stations in order not to violate the level of service and to reduce losses in networks.
- Total number of pure water stations
   Produced from surface water (Nile River) reached 1110 stations with production capacity of 9.8 billion m<sup>3</sup> in 2019/2020.
- Total number of pure water stations produced from wells water is 1580 stations with a production capacity of 1.1 billion cubic meters in 2019/2020.

- Total number of pure water stations produced from sea (desalination) reached 52 stations with a production capacity of 0.1 billion cubic meters in 2019/2020.
- Per capita average of produced pure water was 110.1 m3 in 2019/2020, compared to 113 m<sup>3</sup> in 2018/2019.
- Loss ratio of water was 28.4% in 2019/2020, compared to 28.7% in 2018/2019, a decrease by 1.1%.
- Conformity percentage of samples submitted for test from holding company for drinking water and sewage production stations reached 98.5%, whereas the percentage of Suez Canal Company production stations reached 95.8% Suez Canal in 2019/2020.
- Distribution Networks For holding company reached 97.1%, while it reached 96% for distribution networks following Suez Canal Authority in 2019/2020.

## **Sewage**

- Total number of treated sewage stations reached 455 stations in 2019/2020, compared to 446 stations in 2018/2019, an increase by 2%.
- Total amount of treated sewage reached 5.13 billion m<sup>3</sup> in 2019/2020, compared to 5.11 billion m<sup>3</sup> in 2018/2019, an increase by 0.4%.
